

DUKIN OUTDOOR

SECURE WASTE CONTAINERS FROM OVERTURNING WITH FIXOUT

The FixOUT mounting column ensures that even strong winds and vandals will not knock your bins over.

SECURELY LOCKED

The lock ensures that the containers cannot be moved without keys.

WEATHER RESISTANT

Hot-dip galvanisation prevents the corrosion of the column.

EASY INSTALLATION

Simply fix the mounting column in the floor or in the wall, depending on the model.

FLEXIBLE

FixOUT is adjustable in depth and width and is therefore suitable for 120 L or 240 L containers.

FIXED AND SAFE

Overturned waste bins are a common occurrence, especially after severe storms, and are often the result of vandalism. They cause a number of problems - from unnecessary tidying up to the dangers that spilled contents can cause. With the FixOUT Fixing Pillar, tipped-over containers will be a thing of the past.

MODELS

FIXOUT UNI
fixed to the ground
37 x 25 x 128 cm *
(W x D x H)

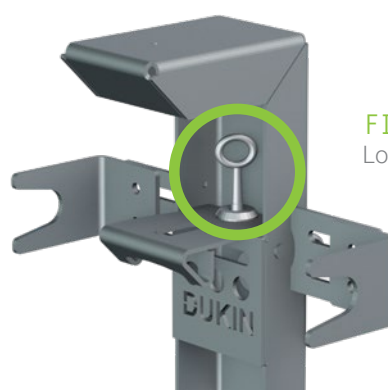

FIXOUT MINI
fixed to the wall
37 x 17 x 100 cm *
(W x D x H)
